
Title: TO ARMS!!

Author: Council Scribes

Have you seen the
horror of what's gone on
and thought, what could I
do? Have you seen the
ravages of what's
happened to Moonglow, and
wished you could do
more? Well, you can!

We are looking for
citizens and militia who
wish to stand up against
the tranny of the Council
and better our town. The
people have been forced
to re-build after the

horror of the Lycraem
blackrock machine's
destruction. One does not
need to be a fighter to
be a part of the saving
of Moonglow. Raise arms
against the Council and
show them you wish to

be treated fairly and
equally, and the Council
shouldn't be getting rich
off its citizens
